About Us

Established in 2016, Samyukta Wedding Show has now proudly seen 9 successful years in existence and look forward to many more years with more exciting and intriguing ventures to come.

We at Samyukta have worked tirelessly from day one to make sure this event benefits both our loyal vendors and brides & grooms!

With brides and grooms working tirelessly to ensure that every aspect of their special day is perfectly put together and wedding vendors on the other hand competing in a pool of talent, to be the first pick of these brides and grooms.

Samyukta Wedding Show, makes this process easy by bringing everyone under one roof, where they meet, mingle and decide in a "one-stop-shopping" experience!

Business Sectors

Samyukta is the fusion of four significant sectors such as Samyukta Wedding Show, Samyukta Fashion Show, Samyukta Awards and Samyukta Wedding Magazine. Within these, numerous sub-sectors are spotlighted to accommodate the diverse intricacies of our wedding industry. Your products undoubtedly have a home at Samyukta!

Samyukta Wedding Show

Our team has orchestrated highly successful events every single year, delivering immense value to both our cherished vendors, brides and grooms-to-be! Amidst a vibrant atmosphere of camaraderie and celebration, connections are forged, dreams are realized, and the magic of matrimony comes alive!

Samyukta Fashion Show

Samyukta Fashion Show is an event put on by a few fashion vendors to showcase their upcoming line of clothing and/or accessories at Samyukta Wedding Show. The Fashion shows debut the bridal trends in the South Asian Community. This is where fashion vendors seek to promote their new fashions.

Samyukta Awards

Samyukta in Sanskrit means "Being United" or & "Bringing everyone together"! Samyukta Awards 2020 is a huge effort to bring the global wedding industry together under one roof and spark encouragement from and for each other. Collectively cheering and challenging each other in a healthy competition is what we believe will help all of us flourish. As a human being, receiving a pat on the back for a job well done, NO MATTER how old, accomplished or successful we are is always a great feeling! In Samyukta Awards, that pat on your back is in the form of your being nominated by one of your own customers, fans, family or friends, and NOT in receiving that final award. Being genuinely happy for another person's growth seems to be waning away, and we hope that Samyukta Awards can be a small drop in the ocean to rekindle that spirit in everyone!

Samyukta Wedding Magazine

Samyukta Wedding Magazine is one of the most cherished aspects of the Samyukta brand. This magazine keeps the name and core concept of Samyukta alive throughout the year, far beyond the day of the event, connecting each annual event to the next, keeping the connectivity going like a beautiful garland of memories. The contents of this magazine are meticulously curated, keeping in mind our readers' expectations. For this purpose, we tirelessly work to keep up top notch standards and ensure our content is relevant, beneficial and inspirational to our readers. Our annual wedding magazine, supplements the experience at the show with all the information valuable to the attendees. Taking care to only add content of value and worth for the reader, Team Samyukta collates a mixture of articles, real life stories, editorials and ads that will benefit the reader in more ways than one.
